

Please return truly balanced, equal, and unpartisan news to the American public, and the world audience. The Fox News conglomerate, to start with, should NOT be permitted to claim and use the slogan "fair and balanced," seeing as the reporting they do is anything but fair and balanced. It is criminal for the News Networks to use public airwaves to constantly promote the Republican party and to mislead its viewers. HOLD THEM ACCOUNTABLE! Return us to the times when all political parties and organizations had to be given equal time on television and air waves. Return us to the time when there was MEDIA DIVERSITY and LOCAL television and radio stations on which the people depended for their news, their safety, their community. Return us to the time when the news that was reported to us was trustworthy NEWS, not slanted propaganda.
